Karen Lewis, My Friend

This is more personal. You have read about Karen Lewis' dynamic work and overwhelming commitment to the Union and its battles. Karen was also a good friend, a side many never got to see or experience.

I first met Karen at a picnic when the newly elected group of CTU

Vice-Presidents joined the IFT Executive Board. Karen and I bonded immediately since we had both been seasoned high school chemistry teachers. Soon after the newspapers reported the election of the new CTU officers, several people approached me asking what I thought of Karen. They suggested that her tone was acerbic, even caustic as she raised her voice and fought for students, parents, educators, and Chicago's communities. I disagreed with those who thought her to be too loud, too strong in her

convictions. She stood up to the mayor, the big corporations, all of the naysayers, even some in her organization. Indeed, she fought for all of us in education and our communities.

On one occasion, after her initial surgery for brain cancer, Karen removed her head scarf and showed off her scar on the right side of her head, which she explained looked remarkably like the scar Harry Potter possessed on his forehead. The scar indeed did have that lightning rod look. After that, I don't think I ever saw her again without a beautiful hat—she wore them all with pride—kind of like a badge of honor. Karen always sported her hats, beautifully manicured nails, red lipstick and lovely suits or CTU red gear—always looking the strong and confident woman.

We saw each other at meetings and had an opportunity to talk about our religious beliefs, the books we were reading, about contracts and organizing as well as her beloved husband John Lewis. I got to know John when he became a member of the IFT Retirees Committee, which I then chaired. John, like Karen, was a voice for all the IFT retirees. He would not set aside his principles or ideals at any time. John, too is a force to be reckoned with. I send my love and encouragement to John knowing that he will continue to be a voice for retirees in the IFT.

Karen Lewis, My Friend

When I was at the grand opening of the new CTU offices on Carroll Street in Chicago, not far from the United Center, Karen took great pride showing me around her office. It was large and held many pieces of memorabilia, recognition plaques and coffee mugs. One of her favorite pieces of memorabilia she pointed out with pride was from one of her teachers with whom Karen still corresponded. Even Karen had that one teacher who left that great impression on her.

My very favorite photograph of Karen was snapped in the huge theatre-like hall, standing with her back to the camera in front of a podium overlooking a sea of CTU members, all in red shirts. That photo, taken before the infamous 2012 CTU strike, depicted solidarity, strength, conviction and much love.

I learned a great deal from Karen as I am sure did others. Her legacy continues with the current CTU officers, IFT Vice-presidents and members who have been inspired to continue the fight which Karen began.

I will miss Karen, my good friend.

In unity,

Jone a. Currele

Loss of a Long Time Union Leader

It is with great sadness that we have lost one of WSTU's long time Council leaders. **Phyllis Meade** was an elementary teacher for 38 years in Indian Springs District 109 as well as its Council President for many years. Additionally, Phyllis served on the Local 571 Executive Board and the House of Representatives. She was also a member of the IFT Retirees Constituency Council.

Phyllis was the former President of the 571 Retirees Council along with Secretary-Treasurer, Dee Pospishil for the last several years. After becoming the Retiree Council chair, Phyllis and Dee worked with and supported through Council membership, the Illinois Alliance for Retired Americans, an organization that works on behalf of retired union members and their families. In all the many years, Phyllis rarely missed a meeting and worked tirelessly on behalf of her Council members as well as supporting the work of Local 571.

March 2021

IRISH-AMERICAN HERITAGE MONTH

Irish-American Heritage Month is celebrated during March in the United States, Americans recognize the numerous contributions of Irish-Americans to the U.S. throughout the years. From the founding fathers to innovative transportation, arts and culture, Irish immigrants for generations left deep roots in the American landscape.

Criss-crossing the country, Irish-American Heritage holds rich traditions and an unmistakable can-do spirit. Their infectious character and indomitable personalities have brought us 22 presidents including Ulysses S. Grant, John F. Kennedy, Ronald Regan, and Barack Obama to name a few.

According to the 2019 American Community Survey, 30.4 million U.S. residents claim Irish ancestry. The number of foreign-born residents who reported Ireland as their birthplace stands at 111,886. Cook County, in Illinois, is home to the largest population of people who claim Irish ancestry in the United States.

Black Lives Matter—Part 2

Dear Union Siblings,

In the *January/February Union Messenger*, I wrote about the four main goals and 13 principles of the Black Lives Matter at School Week. Those goals and principles are from the book *Black Lives Matter at School*, by Denisha Jones and Jesse Hagopian. After reading my article I do not believe I made it clear. I apologize.

In this month's Messenger, I want to write to you about Argo's racial justice/equity journey. Argo's student population is made up of about 52% Latinx, 32% White, and 11% Black students. We also have many first-or second-generation students and a large group of Muslim students as well. In 2017, we sent one of our Union Officers, **Federico Garcia**, to the AFT Civil, Human and Women's Rights Conference. After coming back from that conference, Federico spoke to both the Local and Argo's Union Officers about what he had learned. Since then we have worked with our Administration to make racial justice/equity a major issue at Argo. In 2019, with the help of our Administration, we brought the IFT's **Dr. Monique Redeaux-Smith** to Argo to provide around 35 teachers with a three day institute on Trauma Informed Instruction. We learned about implicit bias, microaggressions, the history of racial injustice in America, restorative justice circles, self-care, and what we can do as educators to provide a safe learning environment for our students. It was an intense three-day workshop. We also brought in Dr. Redeaux-Smith to help us look at our student policy handbook to see how we can make our discipline issues more restorative in nature.

There is still major work to do in this area. To create a trauma informed school, we needed to build strong, positive, healthy relationships with our students. We need to acknowledge how racial issues both inside and outside of school impact our students. Argo also brought in a speaker to talk about LGBTQ+ issues. We learned about how transgender students have been removed from our curriculum and school by making gender binary. We learned about identifying ourselves with our pronouns along with other issues.

Since the workshops, the Union created an equity committee. We committed to reading **So You Want to Talk About Race by Ijeoma Oluo**, and now meet on a regular basis. The Union has also signed an Memorandum of Agreement with the District that requires the District to do an Equity Audit. Since signing the MOA, the District has hired **Dr. Ivette Dubiel** to conduct the audit and help us form an Equity Action Plan. The audit will start next year. Our Council is also working on making the Black Student Association and the Latinx Concilio official paid clubs at Argo while adding an assistant sponsor for our Gay Straight Alliance club.

One of the first items on the journey to racial justice/equity is knowledge, so our Equity Committee came up with a list of books and movies, in no particular order, for our members to read and/or watch if interested. We hope you will consider reading one of these books or watching one of these movies. **The list is on the next page.**

Women's History Month is a celebration of women's contributions to history, culture, education and society, and has been observed annually in the month of March in the United States since 1987.

Did you know? Frances Elizabeth Willard became the first female college president in 1871, heading the Evanston College for Ladies in Illinois, which later merged with Northwestern University.

In 1993, The University of Pennsylvania

became the first Ivy League school to name a woman president, Judith Rodin. She is currently the president of The Rockefeller Foundation, a position she has held since March 2005.

The National Board Resource Center (NBRC) at Illinois State University (ISU) is excited to announce that the Spring 2021 window for the Illinois NB First Time Candidate Fee Subsidy will be open from March 1, 2021 until May 10, 2021.

Eligible Illinois teachers and counselors will be awarded \$1,900 each by the State of Illinois through the NBRC at Illinois State University to be disbursed against the completion and submission of the four (4) components that make up the certification process.

The National Board for **Professional Teaching** Standards was founded as a nonprofit dedicated to improving teaching and student learning.

The NBRC regularly lists and answers FAQs on our home page, and we are also available by e-mail and phone at (309) 438-1835 to answer any questions about the certification process. Please don't be shy! Your feedback helps us continuously improve our support of all candidates. We are excited to get to know you and to help you on your journey toward National **Board Certification!**

TRS Employment Limitation Update Max Schoenberg, Legislative Director

Local 571 members who are retired (or soon to be retired) should take note that the TRS 120 days/600 hours work limitation is due to reset back to 100 days/500 hours on June 30, 2021, unless new legislative action occurs.

Starting July 1, 2021, retirees will be able to work up to 100 days or 500 hours each school year in a TRS-covered position without affecting their pensions. If a retiree works full days only (with a full day defined as at least five hours), the limitation will be 100 days per year. If a retiree works a combination of full days and partial days, the total number of hours will be recorded and limited to 500 hours per year. (When full days and partial days are combined, full days are treated as five hours even if the full day actually lasted more than five hours.)

The 100 days/500 hours limitation applies to all work that requires teacher licensure, such as substitute teaching or summer school. The limitations do not apply to extra duties that do not require teacher licensure.

Further updates will be included as there will be legislative discussion in this spring session.

April 6, 2021 Election Information

I am sure many of you are happy to have the November 2020 Election in the past and are now ready to see how the next four years will unfold. However, many people seem to have forgotten that we have another election coming up on April 6th. This is a crucial voting time for many of our local elections and school boards, and we cannot afford to shirk our civic duty.

Also, many people incorrectly believe that when they signed up for a mail-in ballot in the fall, that it would carry over to future elections. Currently, this is not the case. So, now is the time to make a plan for how you would like to vote. Do you plan to ask for a mail-in ballot, or would you rather vote early? And don't forget, you can still always choose to vote in person on April 6th. Which choice will you make?

To help you in your decision making, I have included some links to simplify your information gathering so you can make an informed voting plan. The following links will provide you with the information you need on all of the candidates and referenda, as well as your voting options with corresponding deadlines. I hope you find the information you need in order to make this another successful voter turn-out.

If you reside in Cook County, everything you need to know for the April 6th Consolidated Elections can be found at: <u>https://www.cookcountyclerkil.gov/agency/2021-elections</u>

If you reside in DuPage County, everything you need to know for the April 6th Consolidated General Election can be found at: <u>https://www.dupageco.org/election/</u>

I am also including the website for the Illinois State Board of Elections which is full of voter information links: <u>https://www.elections.il.gov</u>

I will see you at the polls,

Nicole Burr

Your Legislative Director for Cook County
